All sure to grow and bloom this season.

PANSIES

Pansies have always been a great specialty with us and we are justly proud of the quality and trueness to type of our strains. Pansies succeed best in rich, well-drained soil in a sunny position, and produce their finest flowers in the cool, early days of spring. Keep flowers picked during the summer, plants pinched back, and you will get a nice lot of flowers again in the fall. For earliest blooms, seed indoors. Buy our hardy plants. 75c dozen.

THIS CATALOG FREE

We want everyone interested to have a copy of this book. Send in the names of any friends whom you would like to have receive a copy—and we'll gladly send them one—free.

FLOWERS IN WAR TIME?

By all means; make them your prophecy of peace.

ORNAMENTAL TREES FLOWERING SHRUBS

For Shade and Beauty

Trees serve to beautify the landscape by framing the picture and directing the eye to the house and points of interest. They also provide the very necessary background against which the house stands out. They should never be planted without well considered purpose. When carefully placed their play of shadow on the lawn, across walks and drives, is very delightful.

- Birch**—Cut Leaf, Weeping, 6 to 8 feet, \$2.50, \$3.00 and \$5.00.
- Cherry**—Japanese double pink flowering, 4 feet, \$1.00.
- Cherry**—Weeping, red flowering. \$2.00 each.

Milot-Mills Lawn Grass Mixture

Blue Grass and White Dutch Clover

Such as was used to make the Chelan County Court House lawn, the lawn at the ball park, the lawn at the golf course, the lawn at the hospital in Soap Lake, also the lawns around the many beautiful homes in Wenatchee and North Central Washington.

Sow one pound for a plot 10 by 20 feet square (200 sq. ft.).

Milot-Mills Lawn Grass Mixture, Lb......75c

White Dutch Clover, Lb......\$1.40

Shady Lawn Mixture, Lb......75c

PLANT A VICTORY GARDEN

Our Government urges us this year to plant and care for a Victory Garden. By so doing it will not only insure an adequate supply of food for our boys on the fighting front and for those at home, but will furnish those who do so fresh vegetables of unsurpassed quality.

IMPORTANT NOTICE ON PRICES

Owing to extraordinary conditions due to war, together with crop shortages and failures, prices in Milot-Mills List for 1944 must be subject to change without notice.

If your order cannot be filled at these prices, you will be notified, if you so request, of any advance which may have occurred, and given an opportunity to verify your order at the advanced rate.

EARLY ORDERS ARE URGENTLY ADVISED!

MILOT-MILLS COMPANY

VICTORY GARDEN SEEDS

INSECTICIDES, SPRAYERS, PET FOODS, ETC.

Artichoke

Peanuts

CULTURE—Peanuts require a light, rich soil well limed. Plant in the spring as soon as the ground has become warm, in rows 30 to 36 inches apart, placing the seed 6 to 10 inches apart in the row. It is not necessary to remove the hull when planting. When matured pull and hang up to dry.

Virginia, per lb.....35c

Peppers

1/4 oz. to 100 ft.; 1 to 2 lbs. per acre.

Culture and soil and temperature requirements are about the same as for Eggplant. A moderate dressing of guano, poultry manure, or complete commercial fertilizer, hoed into the soil after the plants are 6 to 8 inches tall, will be very beneficial.

Tomatoes

½ oz. to 100 ft.; 2 oz. per acre

In February or March sow seeds lightly in rows in greenhouse, hotbed, or window box, and when plants have reached a height of 3 inches, transplant in hotbeds. About June 1 set out in open ground, 3 feet apart, giving plenty of well rotted manure to each plant.

Water freely during hot weather. To obtain the best results, trellises or stakes should be used.

Milot-Mills Lawn Grass Mixture

Blue Grass and White Dutch Clover

Such as was used to make the Chelan County Court House lawn, the lawn at the ball park, the lawn at the golf course, the lawn at the hospital in Soap Lake, also the lawns around the many beautiful homes in Wenatchee and North Central Washington.

Sow one pound for a plot 10 by 20 feet square (200 sq. ft.).

Milot-Mills Lawn Grass Mixture. Lb.	75c
White Dutch Clover. Lb.	\$1.00
Shady Lawn Mixture. Lb.	85c

For Your Information

While we aim to have in stock all varieties of vegetable seeds grown in this part of the country, there may be some which we do not stock because of small demand. These we can get for you on short notice from our regular sources of supplies. We strive to please our customers, and this is one of the many services we can render you.

There are also many plants which are grown in southern sections which will not prove practicable in this locality. If you have any questions about plants or vegetables of any kind we will be glad to advise you.

NOTICE: Remember us when in need of Cut Flowers. Experts in arrangements and make-up for any and all occasions.

BUSINESS TERMS AND HOW TO ORDER

All prices in this catalog are for cash f.o.b. Wenatchee. Mail orders sent C. O. D. when not accompanied by cash. Be sure to include 3% State Sales Tax, and transportation charges.

Unless otherwise requested, your order will be sent parcel post, unless too large, then by stage or express collect. The average postage on small orders amounts to 10c to 15c, larger orders, 20c to 50c. Orders sent out within twenty-four hours.

We reserve the right to ship orders at the proper season for planting, if ordered too early, unless shipment is demanded. Everything in the catalog cannot be shipped at once.

Any errors, or claims for refund, must be made within 24 hours of receipt of merchandise.

OUR GUARANTEE

While we exercise the greatest care to have all our stock run true to name, however, it is mutually understood and agreed to between the purchaser and ourselves that should any stock prove untrue, we shall in no case be liable for any sum greater than that originally received for such stock that may prove untrue, besides, we will not be responsible for the crop. All orders are booked only under the above conditions.

HORMODIN

ROOTS PRODUCED AT WILL

Hormodin stimulates rapid root growth on cuttings at low cost.

Hormodin Powder and Hormodin Liquid are root-inducing chemicals which stimulate

rapid root growth on cuttings. Many plants formerly impossible to propagate from cuttings may now be rooted with the aid of Hormodin.

HORMODIN POWDER

Since different plants require different treatment, Hormodin Powder has been developed in three strengths.

Powder No. 1. A general-purpose powder especially good for carnations, roses, chrysanthemums, and similar types..... 50c**Powder No. 2.** Designed for many of the woody and semi-woody types..... 75c**Powder No. 3.** Designed for the more resistant species including evergreens and dormant leafless cuttings..... \$1.00

The treatment is simple. The moistened stems are dipped into Hormodin Powder then placed in the usual propagating medium.

HORMODIN "A" LIQUID

The liquid form of Hormodin is applied as a dilute, water solution. It offers the possibility of treating cuttings with any desired concentration at a cost of only a fraction of a cent per cutting.

Complete directions with plant name list, and a convenient measuring vial are included in each package.

Carco Will Prevent Root Maggot

A wonderfully effective spray for destroying Grubs, Maggots and Worms which infest Radishes, Turnips, Beets, Cauliflower, Cabbage, Onions, etc. Sure death to ants.

Half Pint, 75c; pint, \$1.00; quart, \$1.50

We have a good supply of

HOES, RAKES, CULTIVATORS and WEEDERS

at Moderate Prices.

How to Have a Good Lawn

Spade the ground as deep as possible and turn several times to see that it is thoroughly pulverized. Sheep guano or peat moss will add humus and improve the seed bed. Rake level and water thoroughly so the ground will settle. The seed bed should be allowed to stand for about two weeks, watering from time to time so the weed seeds will sprout.

Roll the ground before seeding, to prevent it from settling unevenly, and then rake the surface lightly. Sow the seeds so as to cover the ground thoroughly, and then cover it lightly with soil. Roll again so as to press the seed in firmly.

PET SUPPLIES

SPRATT'S DOG FOODS

Contain plenty of MEAT. Complete, 100 per cent nourishing foods for all dogs. Ask for free 48-page Dog Book.

PETAMINE

A Complete Balanced Diet to be Fed Daily Throughout the Year.

What Petamine does for Canaries: Peps them up, increases song; adds color and sheen to feathers, and keeps them in fine, vigorous condition.

Restores lost song and feathers and cures many ailments when due to faulty diets.

Makes moulting easier and faster and plumage more brilliant and colorful.

Works wonders during breeding season, produces more fertile eggs, finer, sturdier young birds.

Petamine may be used as the exclusive diet or with mixed whole seeds. Recommended for all cage birds. 25c. Net weight, five ounces. Also 65c lb.; 2 lbs., \$1.20.

SPECIAL—Milot-Mills Birdseed Mixture—
1 lb., 20c; 2 lbs., 38c. Postage extra.

GOLDFISH, ETC.

GOLDFISH, FISH BOWLS, AQUARIUMS, CASTLES, TURTLES, FISH AND TURTLE FOODS AND FISH MOSS

Hints on Care of Goldfish

Should the fish show signs of having fungus, or become logy, a salt bath will bring them out of it; or should the fish come to the top for air it shows there are too many fish in the bowl or aquarium.

Write us for pamphlet on Care and Feeding of Fish and Baby Turtles.

FLOWER SEEDS---All-American Award Winners for 1943

Including new and rare kinds and varieties which received the highest awards for the year 1943. Our stock includes special and original assortments of Bodger's, Burpee's, Vaughn's, Dreer's, and Ferry-Morse flower seeds. We also put up in our own packets many varieties which we secure direct from the originators and growers in California. Should there be some special variety not in stock we will gladly order for you and save you the trouble and cost of money order.
